

## **Institutional Distinctiveness**

The college is keen in Learner Centric Approach and Safe and Caring environment. Kaveri is known as a caring institute for its bonding between teachers and students. The teachers are not only educators, but they are confidantes of the students. Students' problems and difficulties are solved at the primary level itself. They guide and support the students in a friendly manner with parental approach. As a result students are confident and free to share their difficulties and problems with the teachers freely. The teachers are easily accessible to the students. The teachers mentor the students, guide them in personal and professional matters too. They are not just teachers but act in capacity of a parent and at times a friend. Every class has a class teacher appointed. This class teacher keeps a track of the participation of students in extracurricular. She/he is the main point of contact for the respective student. The coordinators of the respective department, senior faculty, Vice Principal, Principal provide guidance and support. Hence the student feels that his problems are given due cognizance. Kaveri College ensures that the students feel safe in the campus. A testimony to the above is that the passed out students come to the college to meet their teachers regularly. They help out the college as alumni. They come lovingly to interact with the current students and guide them. They volunteer to help out the college for conducting seminars, guest lectures etc. They share their joys and sorrows alike. The bond between the college and the student remains intact for a long time.
