Kindly note that Rs.1600/- for the Karadi Path programme will be collected in June.

The NCERT published textbooks prescribed are issued by the Government. The Binding Quality / Printing Quality is not satisfactory. The Books have been reissued to you in the same condition as have been received from the Government. The Government does not allow the binding of New Textbooks before selling. Hence, the practice of Binding NCERT Books is discontinued. Parents are requested to get the Textbooks bound to ensure that they last through the year.

All other books are compulsory textbooks. However, if you wish, you may use textbooks of siblings or others, as long as they are as per the latest syllabus. The Karadi Path program books cannot be reused because they come with a license key valid for one academic year and hence need to be purchased.

The notebooks will be printed in the name of the school. To keep uniformity, you are requested to buy the sets from the school on the given dates and avoid the rush at the bookshop during the month of June.

Please note that the sets will not be available from the bookshop until 14-06-2025

Please bring a strong bag to carry the sets.
